**Re:** Changes to Hewlett Packard

Hewlett Packard Company has completed a "Separation". The two new companies are Hewlett Packard Enterprise Company and HP Inc. From a corporate point of view - the "Separation" took effect on November 1, 2015.

The State of Arizona had two Contracts with Hewlett Packard Company listed below with the respective action taken with each. The "Assigned":

ADSP012-024657 for Network Equipment and Services has been "Assigned" to

- **ADSP016-112917 with Hewlett Packard Enterprise Services.**

ADSP016-098209 for Computer Hardware and Support (ADSP016-098209) is now two Contracts:

- **ADSP016-098209** was amended to change the name to **HP Inc** and to limit the contract to Computer Hardware – **Desktops, Laptops, Tablets including peripherals and services.**
- **ADSP016-112918** is a new contract (also referred to as a PA/Participating Addendum) with **Hewlett Packard Enterprise Services** for Computer Hardware – **Servers and Storage including related peripherals and services.**

**NOTE:** The Vendor sales representatives refer to the Computer Hardware contracts as the "WSCA Computer contracts". The national cooperative to which the State of Arizona belongs was called at the time of solicitation WSCA-NASPO. The Cooperatives' new name is now NASPO ValuePoint. **To clear some of the confusion, the ProcureAz "Description" is Computer Hardware and Support.**
